

July 22, 2014

Dear Costco Member,

As a follow up to Costco's recent phone call to you, Wawona Packing Company has issued a voluntary recall of certain lots of yellow and white peaches and nectarines you may have purchased between June 1, 2014 and July 19, 2014 due to the potential of the products being contaminated with *listeria monocytogenes*.

We are not aware of any illnesses being linked to this recall. This recall does not impact any product currently sold at Costco. Records indicate that you may have purchased a 5 pound box of peaches or nectarines with the mark **CA 6910** on the box.

If you purchased product after July 19, 2014, your product is not affected by this recall and no action is needed. If you **do** have product that has the above code or was purchased during the time period identified above, please destroy the product and contact your local Costco for a refund.

Wawona Packing is committed to food safety and initiated this recall to make sure that the public has confidence in its food supply. Minimizing even the slightest risk to public health is our priority. You can do your part to promote food safety by washing all fruit before you consume it.

We sincerely apologize for any inconvenience this situation may have caused you and we appreciate your cooperation. If you have already consumed the product and have concerns about your health, please consult your healthcare provider. If you have any questions or concerns regarding any of the above information, please contact Wawona Packing at 1-888-232-9912, M-F, 8:00 am – 11:00 pm ET, or visit www.wawonapacking.com.

Sincerely,

Brent Smittcamp
President
Wawona Packing Co.

WAWONA PACKING CO. TAKES PRECAUTIONARY STEP OF VOLUNTARILY RECALLING FRESH, WHOLE PEACHES, PLUMS, NECTARINES, AND PLUOTS BECAUSE OF POSSIBLE HEALTH RISK

FOR IMMEDIATE RELEASE- July 19, 2014 – Wawona Packing Company of Cutler, Calif. is voluntarily recalling certain lots of whole peaches (white and yellow), nectarines (white and yellow), plums and pluots packed between June 1, 2014 through July 12, 2014 due to the potential of the products being contaminated with *Listeria monocytogenes*. Wawona Packing has notified retailers of the specific lots being recalled. No other products are impacted by this recall. No illnesses have been linked to this recall to date.

Listeria monocytogenes, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain and diarrhea, *Listeria* infection can cause miscarriages and stillbirths among pregnant women.

The recalled products were shipped directly to retailers and wholesalers who resell the products. Because we do not know the locations of the companies that purchased the products from our direct customers, the company is issuing a nationwide recall. **Consumers** can identify the recalled products by the information provided in the attached list and photographs. Anyone who has the recalled products in their possession should not consume them and should discard them. Consumers with questions may contact Wawona Packing at 1-888-232-9912, M-F, 8am-5pm ET, or visit www.wawonapacking.com for a copy of this press release.

Wawona Packing has already notified its business customers and requested that they remove the recalled products from commerce. Wawona Packing is voluntarily recalling these products in consultation with the U.S. Food and Drug Administration

The recall was initiated based on internal company testing. The company shut down the implicated packing lines, retrofitted equipment, sanitized the facility and retested. Subsequent daily test results have been negative.

“We are aware of no illnesses related to the consumption of these products” said Brent Smittcamp, President of Wawona Packing Co. “By taking the precautionary step of recalling product, we will minimize even the slightest risk to public health, and that is our priority.”
