Packing Instructions

Step 1: Unzip to open the VinGardeValise and lay flat. Unzip the interior liners to access the foam top sheets and foam inserts.

Step 2: Release the safety belt over the foam.

Step 3: Slide the bottle into the proper slot, neck first, at a 45-degree angle. Gently lower the bottom of the bottle into the insert, keeping the top of the bottom pressed into the top of the slot. Remove foam plug and place in punt of bottle for larger bottles.

Step 4: Gently press the bottle into the foam cavity for a snug fit.

Step 5: Replace the flat foam sheet over the top, tighten the straps, zip the liner and close case.

Step 6: Zip the case closed, set the TSA lock and your case is ready for safe travels.

Important Reminder: You are not allowed to pass wine or other liquids through airport security. However, at some international airports, you can carry on wine or other liquids purchased in duty-free shops. Always check with your airline before carrying on wine or any other liquids that exceed the 3-1-1 rule.
